

# Harvest the Rain, Bank the Moisture

The LURE H<sub>2</sub>O System combines patented\* formulation and application technology to deliver improved water capture and retention in water repellent forest loams.

LURE H<sub>2</sub>O treated site (10L/ha) clearly showing excellent penetration after 22mm of rain.

The LURE H<sub>2</sub>O treated site demonstrates the improved crop and pasture establishment achieved.

Doug Harrington from Narrogin with his outstanding 2010 Vlamingh barley crop grown on LURE H<sub>2</sub>O land.

Another innovation from SACOA - the leaders in spray oil and adjuvant technology

The Start You Need

[www.sacoa.com.au/lure](http://www.sacoa.com.au/lure)

- ✓ Improve weed control
- ✓ Reduce dry period plant stress
- ✓ Improve fertiliser performance

- ✓ Improve pasture growth
- ✓ Improve crop yield
