# Glysowet Surfactant

ACTIVE CONSTITUENT: 850g/L TALLOW AMINE ETHOXYLATE

Wetting and spreading agent for use with Glyphosate 360 g/L and 450 g/L formulations and with Glyphosate dry 840g/Kg herbicide formulations.

20 LITRES

## DIRECTIONS FOR USE

SITUATION	RATE/100 LITRES WATER	CRITICAL COMMENTS
For use with Glyphosate 360 g/L herbicides	70 mL	Use according to herbicide label directions.
For use with Glyphosate 450 g/L Broadacre herbicide	200 mL	
For use with Glyphosate dry 840 g/Kg herbicide formulations	300 mL	

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION**

## GENERAL INSTRUCTIONS

Glysowet surfactant will assist wetting of plant surfaces, giving more uniform spray coverage and increased retention of the applied spray. Measure the required amount of Glysowet surfactant and add to the spray tank near the end of the filling process to minimise foaming.

## PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Dangerous to fish. Do NOT contaminate streams, rivers or waterways with the chemical or used containers.

## STORAGE AND DISPOSAL

Store in the closed, original container in a cool well ventilated area. Do not store for long periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury containers in a local authority landfill. If no landfill is available bury the containers below 500mm in a disposal pit specifically marked and setup for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

## SAFETY DIRECTIONS

Will irritate the eyes, nose, throat and skin. Avoid contact with eyes and skin. When preparing product for use, wear elbow length PVC gloves, overalls and face shield. After use and before eating drinking or smoking, wash hands arms and face thoroughly with soap and water.

## FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Tel: Australia 13 11 26). If swallowed, do NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

## MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet which can be obtained from the supplier.

## HAZARD & PRECAUTIONARY STATEMENTS

**Harmful if swallowed. Causes skin irritation and serious eye damage.** Do not eat, drink or smoke when using this product. If swallowed, rinse mouth.
